Minister Glenbert Croes:

WEB Aruba NV ta firma un acuerdo cu Acceleron

Diahuebs mainta, Minister di Energia Glenbert Croes a asisti na e ceremonia y conferencia di prensa pa loke ta e firmamento di un acuerdo entre WEB y Acceleron. Minister Croes a indica, cu como Minister di Energia, e ta sumamente orguyoso di e acuerdo firma, mirando cu e ekiponan y facilidadnan nobo aki, lo yuda pa e produccion di awa y corriente ta mas confiabel y stabiel.

E acuerdo aki, ta un muestra di e compromiso cu WEB Aruba NV tin cu nos pueblo, na unda conhuntamente cu e compania Acceleron, ta pone un piedra grandi den e fundeshi, pa brinda comunidad di Aruba, e confiabilidad y siguridad, cu e ekipo y facilidadnan nobo aki ta segura cu e produccion di awa y corriente ta tuma luga debidamente.

Minister Croes ta felicita e liderazgo di e director y e personal completo di WEB Aruba NV, pa nan esfuerso, nan trabou incansabel y nan dedicacion na brinda e pueblo di Aruba un servicio di awa y corriente sigur. WEB Aruba NV ta un di e companianan strategico den e desaroyo y progreso di pais Aruba y lo por conta cu e sosten di Gobierno, den tur inversion cu nan ta haciendo, pa brinda e pueblo di Aruba un bon produccion y calidad di awa como tambe produccion di cori-

ente continuo y stabiel.

“Masha pabien na e staff y personal di Web Aruba NV. Nos ta contento cu boso trabou y ta orguyoso pa wak un compania grandi manera Acceleron deposita su confiansa den Aruba y den e relacion cu WEB Aruba NV” Minister Croes a expresa.

E mandatario a continua expresando cu e ta orguyoso di tur e profesionalnan na WEB Aruba N.V. cu e tremendo logro di e acuerdo logra cu ACCELERON. Esaki lo haci cu e trabou di reparacion di nos ekiponan lo wordo haci na Aruba mes hunto cu e expertonan di WEB. Esaki lo aporta grandemente den reparacion cu rapidez y confiabilidad sigurando continuidad den e produccion di awa y electricidad pa henter Aruba.

Hopi pensionado ta perde credit card sin previo aviso

Esunnan cu kere cu pensionadonan of manera e bunita number cu Minister Ursell Arends a crea pa nan, di ‘adulto mayor’ lo hiba un bida trankil na momento di yega edad di pensioen, e grupo aki tin cu realisa cu nan bida ta cambia drasticamente.

Principalmente e grupo cu no ta cay den un pensioen lucrativo, principalmente esunnan cu a traha henter nan bida den sector priva ya cu loke lo bira nan entrada pa luna cu tur loke a sosode den ultimo añanan, nan lo cera conoci cu e realidad duro cu placa simplemente no ta yega pa bida trankilamente mas.

E ora ta inicia un bida nobo, no esun cu gobierno ta trata di presenta c’un number nobo, c’un servicio di telefon pa papia cu e adulto mayor pero e realisacion cruel cu placa simplemente no ta suficiente.

Tin algun instancia priva cu sa tene consideracion cu adultonan mayor dor di provee reduccion di prijs na momento cu e hendenan aki haci compra den e negoshi pero por lo general masha poco luga ta brinda un man pa alivia e peso financiero di pensionadonan.

Esaki ta pone cu mas y mas pensionado den su prome aña como adulto mayor, lo realisa e berdad di su bida nobo y hopi ta busca un of otro trabou pa haci, ya cu ainda nan ta sinti nan mes fisicamente bon pero aki ta surgi un di e prome actonan di discriminacion.

Pensionadonan ya no ta bin na remarca pa haya un trabou den ningun sector, esunnan cu haya un trabou asina cu tin hende mas hoben ta solicita, nan ta ser manda cas cu retiro y e ora e adulto mayor ta cay den e wegá di traha dos luna y wordo manda cas, ya cu ta asina tin comerciantenan ta funciona pa no mara nan mes na leynan laboral existente.

Ultimo tempo tin un fenomeno nobo a lanta cabes, kisas no un fenomeno pero si un realidad tristo esta cu e pensionado ta mira cu ya e no ta bin na remarca pa su credit card wordo renoba, y tampoco nan por solicita pa haya uno, contal si nan ta gosa di un pensioen hopi “amplio” pa luna manera un ex mandatario of parlamentario of kendenan a traha den posicionnan halto na gobierno.

Tin casonan caminda banco a dicidi di suspende credit card di pensionadonan sin previo aviso y ta spera te ora cu e ciudadano aki realisa cu su credit card no ta funciona, pa e ora e wordo avisa di esaki.

Ta algo tristo cu ta tumando luga y ta un di tantisimo discriminacion cu ta tuma cu pensionado, alias adulto mayor!!!

Decision den caso Flamingo ta muestra inhusticia den caso di IBIS

Ayera mainta Corte den Prome Instancia, a tuma un decision riba peticionnan haci pa varios sospechoso den e caso di Flamingo, despues cu diamars dialuna ultimo, a tuma luga un asina yama 'regiezitting' caminda Hues a scucha si tin algo mas na agrega na henter e proceso aki.

E magistrado kende a wordo encarga cu e caso di Flamingo, a bin for di Hulanda pa atende e sesionnan e siman aki y ayera mainta despues cu el a tuma decision relaciona cu peticion di abogadonan pa scucha mas testigo, a anuncia cu e caso aki ta wordo wanta pa tempo indefini, mirando e cantidad di testimonian cu tin cu wordo scucha pa Hues Comisario.

Den caso di Otmar Oduber, Hues a bay di acuerdo pa scucha 31 di e total di 35 cu abogado di e ex Minister a solicita cual sin duda a sorprende e acusado y su representantenan legal, mirando cu esaki no sa pasa den procesonan aki na Aruba.

Loke e Hues a rechasa tabata pa scucha Prome Minister Evelyn Wever Croes como testigo y tambe e Ministernan Dangui Oduber y Glenbert Croes pero di otro banda a bay di acuerdo pa yama ex Minister y actualmente miembro di Parlamento, Marisol Tromp, como testigo.

Ayera mainta por a sinti un aire fresco, un aire di alivio a cuminsa supla for di un instituto hudicial cu ultimo tempo, ta wordo demasiado cuestiona y caminda por sinti cu e confiansa cu pueblo mester tin den su sistema legal, ta cuminsa disminui.

Kisas no ta tur cuestionamento of critica ta hustifica of tin base concreto pa crea e dudanan aki pero en real-

idad ta principalmente e forma di procede di Ministerio Publico hunto cu Landsrecherche y oficialnan di RST, a cuminsa crea e duda grandi aki.

Pa colmo esaki ta bin den un era digital caminda tur informacion, tur movicion ta haya un bida nobo y hasta diferente for di momento cu esakinan subi e sistema digital, pa medio di varios programa di servicio caminda tur noticia bon of malo, dudoso y solido, ta yega na mayoria di pueblo.

Di otro banda e Hues a rechasa e peticion di Ministerio Publico pa no bay di acuerdo cu e peticionnan di abogadonan pa scucha mas testigo di e caso aki, loke tambe a sosode tanto den caso IBIS como e caso Avestruz.

Awor ayera mainta e decision di Hues den e caso di Flamingo, sin duda ta bolbe pone na duda e proceso na cual ex Minister Paul Croes a wordo someti na dje den e caso di IBIS y cu ta bolbe hinca Ministerio Publico un biaha mas den un skina scur.

Durante tratamiento di e caso di IBIS, tanto Ministerio Publico como Hues, a rechasa un rapport di parti di abogado di ex Minister Paul Croes, pa loke ta pruebanan di placanan cu segun Ministerio Publico ta para ariba cu ta entradanan cu sr Croes no por a hustifica.

Anto e argumento principal di Ministerio Publico den e caso ey, ta cu Paul Croes a presenta e rapport aki mucho laat y ta keda sin acepta e prueba aki, ni pa pasa den esakinan pa mira si e ciudadano aki por hustifica e suma di placa aki.

Desde ki tempo Ministerio Publico ta converti su mes den un empresa

manera WEB of Elmar cu na momento bo no paga na tempo, nan por corta meter di awa y coriente na cualkier cas pero hasta eynan ora cu e cuidadonan paga nan cuenta y muestra nan recibo, e meternan ta wordo reconecta.

Nunca un institucion hudicial por tin e poder di no permiti un hende defende su mes den e forma mas corecto cu e por y aki tin cu menciona cu den un era caminda bida di hende ta ser balora inmensamente rond di mundo, Ministerio Publico no por ta esun cu ta dicidi si Paul Croes por defende su mes of si e tin cu keda den prizon pa un aña extra pa motibo cu abo no tabata kier a acepta un rapport cu lo por a hustifica tur e placa cu Ministerio Publico ta haya cu no ta corecto ricibi.

E mesun Ministerio Publico aki ta manda cobra multanan cu ta data for di 2020, 2021, 2022 y ningun ciudadano por acudi un caminda pa argumenta mescos cu e instancia aki ta haci, esta cu Ministerio Publico ta "laat" cu e cobranza aki!!!!

Un biaha mas

Partido MEP ta “heer en meester” y RAIZ solamente t’ey pa cera 11

Awe mainta na Den Haag, Corte di Casacion lo atende e caso cu Gabinete Wever Croes II hunto cu gobierno di Corsou y Sint Maarten, ta contra e decision di Corte Comun caminda a keda stipula cu e tres islanan aki tin cu hinca den legislacion, ley cu ta permiti acto matrimonial entre parehanan di mesun sexo.

E decision aki Corte Comun a tuma casi un aña pasa cu tabata e fecha di 6 di december di 2022 pero cu tur tres gobierno menciona, a dicidi di apela e decision aki loke lo tuma luga awe.

Un caso cu un biaha mas ta muestra e diferencia entre Gabinete Wever Croes I y esun II, ya cu den e prome bou di ningun circunstancia e lider di POR e tempo ey, Otmar Oduber y e lider di RED, Ricardo Croes, lo a para pa permiti matrimonio di mesun sexo pero den e caso actual, partido RAIZ convincentemente a confirma cu e ta sostene e decision cu Corte Comun a tuma algun l un atras caminda ta permiti parehanan di mesun sexo drenta enlace matrimonial manera leynan ta prescribi.

Relaciona cu e caso di awe y e desaroyonan di ultimo dianan na Aruba, un comunicado di prensa emiti pa Gabinete Wever Croes II, a confirma e posicion di e coalicion aki ya cu e propio Prome Minister Evelyn Wever Croes, ta cuestiona e hecho cu Corte Comun a dicidi di sinta riba stoel di Parlamento y Gobierno, ya cu constitucion di pais Aruba, no ta permiti ningun caminda matrimonio di hendenan di mesun sexo.

Siman pasa tabata bisto e posicion di RAIZ, caminda ningun di e dos ministernan y tampoco e dos miembronan di Parlamento, a cana den e marcha di pueblo cu a presenta 16313 firma cu ta contra di introduccion di un ley cu ta permiti matrimonio di hendenan di mesun sexo.

Ningun momento Prome Minister a Sali bisa cu nan ta sostene e grupo cu a presenta e cantidad di firma aki cu ta contra di matrimonio di hendenan di mesun sexo y MEP a laga esaki totalmente den man di e dos mandatarionan di RAIZ, kendenan tabata Vice Prome Minister Ursell Arends y Minister di Economia kende ta Geoffrey Wever.

Pues ayera claramente e lider di MEP den su calidad como Prome Minister di e pais, a muestra con cla cu su gobierno supuestamente ta contra di introduccion di e ley aki pa permiti hendenan di mesun sexo drenta matrimonio oficial. Dos dia despues e mesun Minister Arends y Minister Wever hunto cu miembro di fraccion di RAIZ, sra Misha Raymond, a para claramente hunto cu manifestantenan di e sociedad di LGBT, contrario na loke su partner di coalicion ta para p’e.

Pues awe por surgi un situacion cu por muestra riba un conflicto mirando e insistencia di e partido mas grandi di e coalicion, esta MEP lo acepta e posibel decision di Corte di Casacion si esaki tuma un decision contrario na loke Prome Minister a declara den un comunicado di prensa.

Cu esaki ta motibo di tension bou di gobernacion y situacionnan normal ta sin duda pero un biaha mas tin un gobierno di coalicion cu ta dispuesto pa pone tur nan creencia y posicion riba asuntonan di vital importancia, un banda pa salvaguardia un gobierno cu ya a pasa den asina hopi controversia cu realmente nan no tin gevoel mas.

ACCION21 ta entrega iniciativa di ley pa modernisa ouderschapsverlof na Aruba

Fraccion ACCION21 a entrega un iniciativa di ley na Directie Wetgeving en Juridische Zaken (DWJZ) cual ta encera cambio den verlof di embarazo y verlof di mama. Un tema cu pa algun tempo caba ta den desaroyo relaciona cu verlof di paternidad na Aruba, y con su prolongacion por tin un efecto positivo p'e famianan Arubano. Parlamentario Miguel Mansur a extende un invitacion na tur fraccion y miembronan independiente pa join e iniciativa aki.

Na Hulanda den 2019, verlof di paternidad a conoce un prolongacion, cual a resona manera un tremendo noticia rond henter e pais. Aki na Aruba sinembargo esaki ta un tema cu ta basicamente negligia pa basta tempo. Famianan feliz y contento na Aruba ta un pilar importante pa loke ta e ciudadano y ta algo socialmente significante. Un familia feliz ta cuminsa na e periodo di embarazo y nacemento di e yiu, combina cu e proteccion, salud y bienestar di e mama y yiu. Cu e iniciativa di ley aki pa medio di ACCION21, e ciudadano por spera asina pa mehora calidad di bida di su yiunan y mayornan. Pa medio di esaki lo porfin brinda nan mas derecho durante nan periodo di verlof di embarazo, verlof di nacemento y verlof di partner.

CAMBIONAN DEN LEY

E cambionan proponi den e iniciativa di ley aki ta encera prolongacion di verlof di mama for di 12 pa 16 siman, comparabel cu Hulanda y islanan BES. E periodo di notificacion cu empleado embarasa mester notifica nan dunado di trabao ora nan kier tuma verlof di embarazo ta bira mas cortico, pa seis siman compara cu e actual dos luna. Na Hulanda y BES e ta tres siman. Den caso di hospitalisacion di e baby durante periodo di verlof di mama, e dlanan hospitalisa no ta conta manera dlanan di verlof di mama. Si e mama fayece, e dlanan di verlof di mama ta pasa na e partner, esposo, pareha registra, of persona cu mama tabata bibando cu y cual a reconoce e baby. Esaki ta un innovacion cu Aruba lo ta e prome den Reino pa introduci. Verlof di tata of partner ta cambia pa medio di aumenta verlof di dos dia pa cinco dia, y awor ta aplica tambe na pareha registra y

persona cu ta biba hunto cu e mama of persona cu ta reconoce e baby. Verlof di tata of partner awor ta inclui tambe e derecho pa tuma verlof di cinco siman total. E cinco simannan aki mester wordo tuma dentro di seis luna despues di e nacemento di e baby. E dunado di trabao no mester paga mas, e tata ta ricibi 70% di su salario for di SVb.

ARUBA NO POR KEDA ATRAS!

E posicion di Aruba manera un pais autonomo, y como un di e prome den Reino Hulandes cu a declara su mes autonomo, ta asina pasobra nos pais semper tabata uno cu tabata avansa y bay dilanti den progreso. Pa ACCION21, ta importante pa e ciudadano di Aruba sigui mehora su mes constantemente, y sigui avansa pa e bienestar di su pais, su comunidad en general, y tur individuo cu ta biba riba e isla aki. Ora ta toca ouderschapsverlof, Aruba ainda ta hopi atras riba e parti aki. Esaki ta conta tambe pa loke ta e tema di verlof di embarazo, verlof di nacemento y verlof di partner. Como pais autonomo den Reino, Aruba no por permiti su mes pa no ofrece na su poblacion e derechonan aki den linea cu otro partinan di Reino y paisnan avansa.

MIHO UNION ENTRE MAYOR Y YIU

Estudionan haci ta revela cu un verlof di nacemento mas largo ta contribui na un miho union entre mayor y yiu. Otro investigacionnan ta muestra cu mayornan y partner cu tuma verlof inmediato despues di nacemento di nan yiu, generalmente ta mas involvi den cria nan yiu durante nan bida. Tambe, pa e mayornan y partner mes tin efecto positivo. Mayornan cu ta mas involvi cu nan yiunan ta generalmente mas feliz y saludabel. Un verlof di cuidado di yiu mas amplio ta expande tambe e oportunidadnan di hende muhe den mercado laboral, ya cu tin menos diferencia den duracion di verlof entre ambos mayor. ACCION21 su propuesta di ley actual ta duna e asunto aki un forma mas stabiel. Tambe e propuesta di ley ta contribui na e desaroyo di un balans den reparticion di trabao y tarea di cuido entre partnernan den e cas. Segun e tarea di cuido, ta reparti mas igualmente entre e partner, ta crea mas espacio pa hende muhe, cu awor ainda ta carga mayoria di e tarea di cuido di su yiunan y cas riba nan mes.

Si e partner, cu na mayoria di biaha ta hende homber, ta participa mas den e cuido, esaki ta stimula nan conexion cu e yiu. Sociaal Economische Raad van Aruba (SER) a publica un rapport na fin di 2022 tocante e expansion di verlof di tata. SER ta opina cu e marco legal actual ta ofrece poco dia di verlof pa tata. Actualmente e tata tin dos dia di verlof, y SER ta boga pa amplia esaki, concluyendo cu esaki lo trece beneficio pa e mama, tata y yiunan. Na Aruba actualmente no tin un verlof di nacemento amplio pa partner na nacemento di e yiu, verlof di embarazo y nacemento ta hopi limita. No tin un verlof amplio pa persona cu tin mas cu un yiu tampoco. ACCION21 ta para tras di e hecho cu a yega ora pa bin un cambio den e parti aki awor, na bienestar di tur ciudadano di Pais Aruba.

Iglesianan Cristian di Aruba ta opina

Gobierno tin e obligacion di scucha pueblo

Actualmente tin un proposicion di ley na Parlamento pa legalisa matrimonio entre personanan di mesun sexo. Raad van Advies a duna su conseho positivo caba riba e proposicion di ley aki y Hof tambe a obliga gobierno introduci un ley di tal indole. Gobierno di Aruba no tabata di acuerdo cu e decision di Hof y diabierna 10 di november huesnan di casacion lo cuminsa trata e caso na Hulanda.

Nos por a scucha nos Prome Minister defende derechonan di e comunidad LGBTQ+ den un conferencia na Den Haag tocante progreso di feminismo. Lideran religioso tambe ta para pa derecho igual den casonan igual. Sinembargo tanto Gobierno como Parlamento mester realisa cu ora ta trata di matrimonio di personanan di mesun sexo Corte Europeo pa Derecho humano ya a dicta cu aki no ta trata di casonan igual. Consecuentemente

no tin derecho legal pa habri matrimonio pa personanan di mesun sexo na Aruba.

Gobierno y Parlamento mester puntra nan mes dicon e luchadonan pro LGBTQ+ a bini cu un proposicion di ley pa acomoda lesbiana y gay (LG) pero nada pa bisexualnan (B). Si e lucha berdaderamente tabata pa igualdad ta exclui bisexualnan for di e proposicion di ley aki. Esaki no ta prueba cu e meta real no ta igualdad sino simplemente dismantela matrimonio conforme ley di Dios y ley di naturalesa? Legalisa matrimonio entre personanan di mesun ta habri un caha di pandora pa legalisa tur otro tipo di preferencia sexual den futuro. Pedofielnan na Hulanda y Merca ya a cuminsa uza e mesun strategia cu homosexualnan tambe ta uza, esta nos a nace asina.

E consecucionan di legalisa matrimonio di mesun ta mucho mas cu simplemente duna dos personanan cu ta stima

otro cierto derecho. E ta encera tambe cu Gobierno ta declara cu e acto homosexual ta normal y cu esaki mester wordo inclui den enseñansa na nos muchanan. Pa no papia mes di e riesgonan pa salud ora hende uza partinan di e curpa humano contrario na su diseño y funcion. Ya caba tin un aumento di problema di salud bou di hende muhe den un relacion heterosexual den cual ta uza practicanan di e bida homosexual. Esaki ta djis algun di e consecucionan si Parlamento declara cu e acto homosexual ta normal.

Gobierno no mester sucumbi pa presion di Hulanda cu hasta a cambia su constitucion pa acomoda hendenan LGBTQ+. Lideran religioso ta haci un apelacion na Gobierno pa duna pueblo di Aruba e oportunidad pa expresa su mes riba e topico aki pa medio di un referendum. Asina so por garantiza cu democracia ta funciona berderamente relaciona cu e topico aki.

Casacion den caso di fundacion orguyo

Riba 10 di November proximo lo tuma luga, e tratamiento di e cassatie na “Hoge Raad”, cu pais Aruba a entama contra e veredicto di corte comun di husticia di Aruba, Curacao, Sint Maarten, y Boneiro, Sint Eustatius y Saba, di 6 di December 2022. Den e veredicto ey, corte comun di husticia a establece cu den e legislacion di Aruba, matrimonio ta reserva pa personanan di e sexo opuesto. Segun Corte comun di husticia, di un banda, hurisprudencia di Corte Europeo di derecho humano (EHRM), ta establece cu esaki no ta un violacion di e tratado Europeo di derecho humano (EVRM). Pero di otro banda, cu esaki ta empugna cu e prohibicion di discriminacion den nos constitucion di Aruba. Y a base di e ultimo aki, Corte comun di husticia ta yega na e formulacion di e legislacion na Aruba, cu matrimonio no

por wordo reserva solamente pa persona di sexo opuesto sino tambe pa persona di mesun sexo.

Gobierno di Aruba, ta di opinion cu e veredicto aki, no ta aline cu e principianan constitucional di separacion di poder, pasobra Corte comun di husticia defacto, a bay sinta riba e stoel di e legislado (wetgever).

E decision pa habri matrimonio pa persona di mesun sexo, ta un decision cu mester wordo tuma door di e legislado di Aruba, pues Gobierno y Parlamento hunto. Gobierno di Aruba ta di opinion, cu e hecho cu hues a aplica e prohibicion di discriminacion di nos constitucion, no por bay asina leu cu e hues mes por dicidi con cierto partinan den nos Codigo

Civil mester wordo duna contenido, y wordo aplica. Ademas, Gobierno di Aruba ta di opinion cu e paso di corte comun di husticia pa mete den e legislacion di Aruba, a wordo subestima, si pensa cu ta solamente algun aspecto di e codigo civil mester wordo coregi. Pasobra si habri matrimonio pa persona di mesun sexo, esaki lo existi hopi mas adaptacionnan den legislacion, caminda no solamente e articulonan cu corte comun di husticia ta menciona di codigo civil, sino otro partinan di codigo civil y diferente otro ley y areglonan mester wordo adapta. Sin un base legal, e cambionan aki no ta posibel.

E caso lo wordo trata diabierna proximo 8.30am orario di Aruba y lo wordo transmiti ‘live’, via website di Hoge Raad der Nederlanden.

Solucion den nota di AVP a habri caminda pa un dialogo cu perspectiva

Na tur instancia y na tur nivel cu e Lider di AVP, mr. Mike Eman cu consehero di fraccion, Wendrick Cicilia, a presenta e nota di AVP na Den Haag Hulanda, pa converti debe di Aruba na Hulanda den un fondo di inversion, por a sinti simpatia y hasta admiracion pa locual mandatarionan Hulan- des a yama “een creatieve oplossing”. Tin cu hasta a agrega cu e pensamen- tonan mas profundo aki ta locual “wij altijd van Eman waarderen”.

DI VREDESPALEIS PA TORENTJE

E prome caminda cu mr. Mike Eman a consulta riba e tema aki ta cerca e experto constitucional respeta den Reino, actual Minister di Esatdo, ante- rior cabes di Raad van State y Minister den hopi gabinete cu un variacion grandi di cartera tabata mr. Piet Hein Donner. For di Vredespaleis a resona un señal positivo: e nota cu Eman a presenta lo por ta un caminda alterna- tiva.

Tambe den het Torentje e tema aki a keda planta y Prome Minister Mark Rutte no unicamente tabata tin e cortesia pa ricibi e lider di oposicion, pero tambe a duna cara na Prensa pa splica kico e a combersa cu mr. Mike Eman. Por a nota un synergia di amistad y tambe di contemplacion riba locual a wordo presenta y papia. Un ambiente cu ta crea perspectiva pa mas deliberacion riba solucion pa un problema grandi cu por bira un fundeshi firme pa inver- sionnan den futuro pa Aruba, algo cu CAFT a remarca recientemente cu ta haci hopi falta na Aruba.

NOTA CU SOLUCION

E nota aki di Fraccion di Partido di Pueblo Arubano AVP den Parlamento, ta encera un proposicion fuerte pa un areglo amicabel pa e forma di paga bek e fiansanan di Hulanda na Aruba.

E proposicion innovativo aki a wordo inspira pa e bunita areglo entre Cape Verde y Portugal, den cua e debenan di Cape Verde na Portugal ta wordo converti den inversionnan den inicia- tivanan pa un desaroyo sostenibel na Cape Verde. Dia 22 di juni 2023 Cape Verde y Portugal a firma e acuerdo historico aki cu ta sirbi como un ehempel cla pa otro paisnan.

Fraccion di AVP ta propone pa e gobi- erno nobo di Hulanda crea un fondo pa inversion nobo hunto cu Aruba, manera e ‘Fondo Desaroyo Aruba’ cu a demostra di ta sumamente exitoso y cu a wordo maneha door di Aruba Investment Bank. E meta principal di e areglo ta pa e pagonan di e debe di Aruba na Hulanda bay den e fondo nobo ‘Aruba Investment Fund’, cu mester

wordo crea y pa esaki wordo maneha door di un instituto renombra manera Aruba Investment Bank. E fondo aki lo cay bou di supervision y control di representantenan di tanto gobierno di Aruba como di gobierno Hulan- des.

DIALOGO CU PERSPECTIVA

Locual a resalta durante e reunionnan di trabao di Eman na Hulanda ta no unicamente cu portanan a habri cu hopi calor, aprecio y respet, pero tambe un deseo grandi pa por yega atrobe na dialogonan constructivo cu ta basa riba visionnan bon pensa den cual tur dos pais, Aruba y Hulanda, por mira un futuro cu perspectiva prometedor. Sin duda e momento aki lo bay den historia como un punto di referencia ta con mester atende pa yega na cooperacion strategico.

Fin di un era Veld di gas na Groningen ta cera lagando un legado di destruccion y bataya pa compensacion

E ceramento di e veld di gas na Groningen ta marca fin di un era pa Hulanda, unda cu e descubrimiento di e recurso aki na 1959 a impulsa den su dia prosperidad di e nacion. Sinembargo e legado di e explotacion di e veld di gas aki a laga un lastro di destruccion y un bataya prolonga pa compensacion.

Durante varios decada, e veld di gas na Groningen tabata un bendicion financiero, cu por lo menos 15 mil milyon euro di entrada anual y a hunga un papel fundamental den e configuracion di e estado di bienestar Hulandes. Sinembargo e prosperidad tabatin un costo importante.

Desde e decada di 1980, temblor a converti den un nachtmerrie constante p'e residentenan local, cu a culmina cu un temblor masivo na 2012, c a sirbi como un 'wake-up call.'

E actividad sismico a obliga basha mas di tres mil cas abao debi n'e dañonan causa p'e temblor y na 2015, e produccion di gas a reduci como respons n'e creciente preocupacion pa seguridad. Dia prome di october, e veld di gas a para cu su operacionnan completamente.

Sinembargo e ceramento no ta marca e final di historia pa miles di residente afecta. E lucha pa un compensacion husto ta sigui, ya cu nan ta busca reparacion p'e daño y perhuicio causa pa decada di extraccion di gas. E capitulo ta sirbi di un recordatorio curu di e costonan medio ambiental y social asocia cu e explotacion di recurso natural valioso.

Oposicion Venezolano ta evalua su participacion den e polemico Esequibo

Oposicion Venezolano ta enfrenta un decision critico riba su participacion den e proximo referendum di Esequibo, premira pa dia 3 di december. E referendum aki, convoca pa gobierno di e presidente Nicolas Maduro, ta busca sosten di e poblacion pa cinco pregunta relaciona cu e reclamacionnan territorial di Venezuela riba un zona di 159 mil kilometer cuadra conoci como Esequibo, cu tabata obheto di disputa cu Guyana.

Sinembargo oposicion ainda no a revela su postura riba e referendum. “Nos, cu ta defende nos derechonan riba Esequibo, nos ta evaluando si e referendum aki ta sirbi nos interesnan,” Omar Barboza, coordinado general di e Plataforma Unitaria di oposicion, a bisa. El a añadi cu pronto nan lo expresa nan posicion.

Mientras cu gobierno a cuminsa cu su campaña na favor di “si”, poniendo enfasis riba e unidad nacional, oposicion ta sigui dividi y insigur riba con pa continua. E momento eligi p’e referendum, net dos dia prome cu e eleccionnan primaria di oposicion, a lanta duda riba e intencionnan di gobierno.

E preguntanan di e referendum ta pretende di sondia e opinion publico riba e disputanan historico relaciona cu Esequibo, e reconocimiento di parti di Venezuela di e Hurisdiccion di Corte Internacional di Husticia (CIJ) di Nacionnan Uni riba e asunto e rechazo di e reclamacionnan unilateral di Guyana den e zonanan ainda pa delmita. E cuestion mas polemico ta referi n’e creacion di e estado “Guyana Esequibo” y e integracion di e poblacion di e region na Venezuela.

Den seno di e oposicion Venezolano ta debati si participa of no den e referendum. Aunke nan ta comprometi cu defensa di e soberania, a surgi duda riba e motibonan di gobierno. Hopi lider di oposicion ta sostiene cu participa den un proceso electoral organisa p’e partido gobernante, cu anteriormente a denuncia irregularidad y a invalida e eleccionnan primaria di oposicion, por ta un eror strategico. Algun ta kere cu e gobierno kier desvia e atencion di e problemanan andando y consolida su poder na caminda p’e eleccionnan presidencial di 2024.

Jesus Castellanos, experto politico den asunto electoral Venezolano, ta señala varios rason p’e resistencia di oposicion. E principal di nan ta e creencia cu e soberania, consagra explicitamente n’e Constitucion, no mester somete na votacion. Fuera di esey, oposicion ta considera e ex-presidentenan Hugo Chaves y Nicolas Maduro responsabel di e ganashinan territorial di Guyana den e zonanan den disputa. Oposicion ta sostiene cu Venezuela mester priorisa e esfuerzonan den e sendo di Corte Internacional di Husticia, cu a declara competente p’e maneho riba e disputa ancestral na 2018.

Oposicion tambe ta preocupa cu e referendum por sirbi como tactica di distraccion pa eclipsa e resistencia di e candidatura di Maria Corina Machado p’e eleccion di 2024, similar n’e strategia uza pa Argentina durante e conflicto di Malvinas na 1982. Esey por desemboca den un conflicto militar cu Guyana y e suspension di e eleccionnan presidencial di 2024.

E decision encuanto e referendum di Esequibo ta leu di ta simpel y ta lanta cuestion politico, di siguridad y di soberania cu tin implicacion di largo alcance p’e futuro di Venezuela. Mientras cu oposicion ta nabega riba e tereno compleho aki, e caminda sigur ta sigui ta uno insigur.

E siguiente punto cu a bin dilanti, ta cu algun di e miembronan, no ta compronde e punto di Gobierno Hulandes, di pakico a duna Aruba e interes di mas halto, mirando cu nunca den pasado, Aruba, a yega di haya un interes asina halto di 6.9%. Pa e motibo aki, e reunionnan cu Eerste Kamer ta importante, paso durante e reunion nan ta haya tur informacion necesario, pa si mester, nan lo por defende e caso.

3 - WELGA DI HAMBER DI EX PROME MINISTER DI ARUBA

Lamentablemente, e di tres punto cu a resalta den e reunion aki, tambe a resalta den varios otro reunion, y esaki ta cu ainda nan ta trece riba mesa e welga di hamber di e ex Prome Minister Mike Eman na 2014. Tambe, nan ta sigui trece dilanti e mal maneho financiero cu tabata tin e tempo ey, ya cu enbes e Gobierno di Gabinete Eman, a tuma su responsabilidad, el a bay haci un welga di hamber cu a bergonsa Aruba.

“Mi tin cu bisa cu e ta un frustracion, pa ami como Prome Minister, ainda despues di 9 aña, mester scucha esaki, cu ta un berguensa grandi den historia di pais Aruba. E ta kibra bo cierto momento, pero mi sa cu esaki no ta nos Gobierno, pero como gobernantenan responsabel, nos ta para pa pais Aruba, y pa a cosnan bon y cosnan malo, y e punto aki, nos lo atende cu ne debidamente” Prome Minister a expresa.

Bin bishita nos y probecha!

Fortaleza pa Famia

Awor ta tempo pa demostra e amor di Dios

PASOBRA Dios a stima mundo asina tanto cu E a duna su Yiu unigenito, pa ken cu kere den dj'E, no bay perdi ma tin bida eterna (Juan 3:16).

Esaki ta e amor cu Dios ta ofrece na tur hende sin distincion, di rasa of color. Pasobra awor tur hende ta mira cu locual Isaias a profetisa den capitulo 5:20 ta sosode diariamente den nos bista y awor hasta nos ta mira con multitud di hende ta cay den eror y falta e amor di Dios.

Den Isaias 5:20 ta para skirbi: Ay di esnan cu ta yama loke ta malo bon, y loke ta bon malo, loke ta scuridad luz, y loke ta luz scuridad, loke ta marga dushi, y loke ta dushi marga.

Den un palabra bisa esnan cu ta haci inmoralidad, perversidad y impuresa nan derechi y nan forma di biba, y nan ta busca tur manera aki bao riba tera pa nan wordo hustifica.

Anto ta ora di ofrece amor na esnan cu falta e amor di Dios, Pasobra solamente e amor di Dios por cambia hende, E amor di Dios por transforma curason di hende, Pasobra di berdad caminda tin hopi engaño di e enemigo, hende mester di un toke di e amor di Dios.

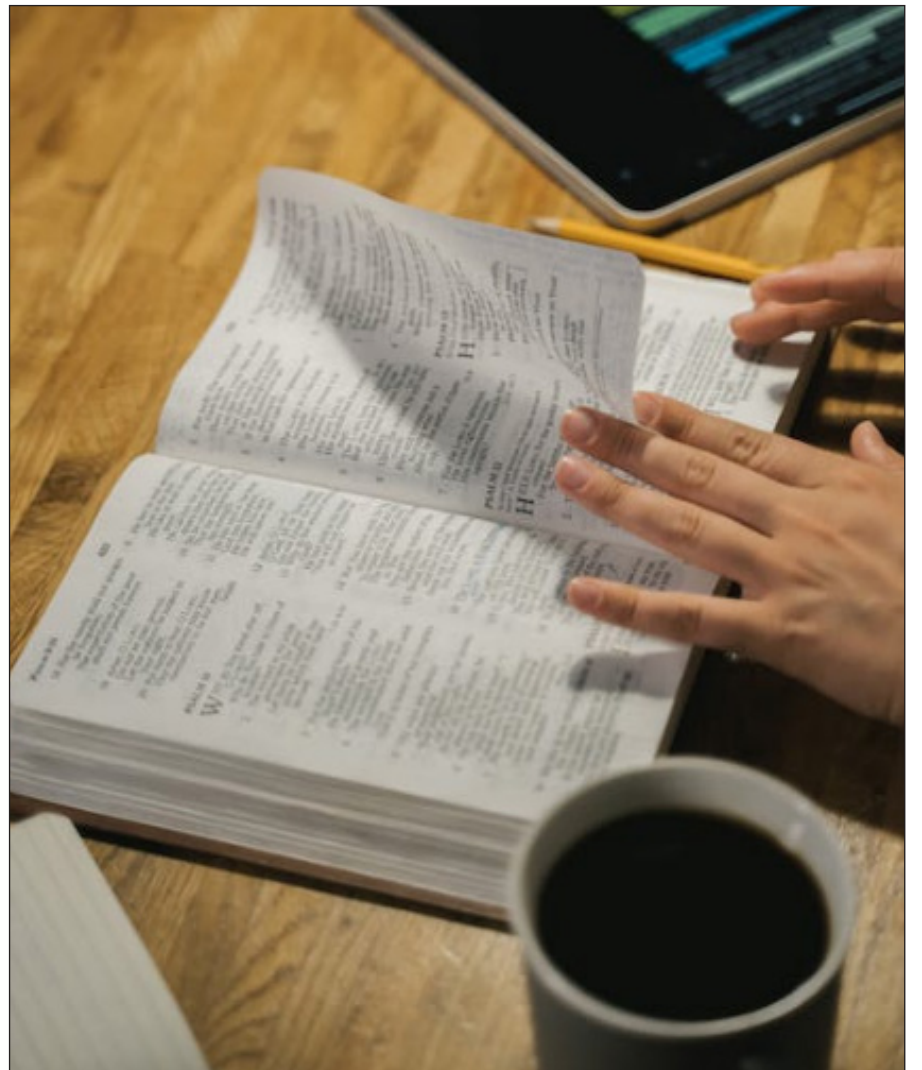

Ma Dios a demostra Su mes amor pa cu nos den esaki, cu tempo nos tabata pecador ainda, Cristo a muri pa nos (Romanonan 5:8).

Y trahando hunto cun'E nos tambe ta roga boso pa no ricibi e gracia di Dios envano, pasobra E ta bisa: Den e tempo aceptabel Mi a scucha bo, y riba e dia di salvacion Mi a yuda bo, mira awor “ ta e tempo aceptabel, mira awor ta e dia di salvacion.

Nos mester splica e palabra na placa chikito pa evita cu diabel ta coy e bentaha den bida di hende y asina hiba hende den perdicion. 1 Corintionan 6:9-10-11 ta para skirbi:

Of boso no sa cu e inhustonan lo no hereda e reino di Dios? No laga nan gaña boso: Ni fornicador, ni adorador di Dios falso, ni adultero, ni esnan afemina, ni homosexual, ni ladron, ni esnan golos pa placa, ni burache, ni blasfemado, ni estafador, lo no hereda e reino di Dios.

Y asina algun di boso tabata: ma boso a wordo laba, ma boso a wordo santifica, ma boso a wordo hustifica den e nomber di nos Señor Hesus Cristo, y den e Spirito di nos Dios.

Esaki ta splica un y tur cu si diabel a gaña bo, e amor di Cristo Hesus por libra bo completamente for di gara di e enemigo y haci bo un discipel di Cristo.

Pasobra den Cristo tur cadena diabolico ta wordo rementa for di otro.

Nos ta stima pasobra E a stima nos prome. Si un hende bisa, Mi ta stima Dios, y ta odia su ruman, e ta un gañado, pasobra esun cu no ta stima su ruman cu e a mira, no por stima Dios Kende e no a mira, E mandamento aki nos tin di dj'E, cu esun cu ta stima Dios mester stima su ruman tambe (1 Juan 4:19-21).

Pasobra mi ta convenci cu ni morto, ni bida, ni angelnan, ni prinsipadonan, ni cosnan presente, ni cosnan futuro, ni podernan, ni haltura, ni profundidad, ni ningun otro cos crea, lo por separa nos di e amor di Dios, cu ta den Cristo Hesus nos Señor (Romanonan 8:38-39).

E plan di enemigo ta pa trece discusion, desunion, pleito, enemistad, odio y rabia, pero como yiu di Dios, nos no tin tempo pa perde, p'esey nos ta ofrece amor di Cristo.

Sinceramente, Pastor Marcel Balootje

Lagrima y floran por seca, su recuerdonan y tur loke el a haci y significa pa nos lo keda graba pa semper den nos mente y curazon.

“Cerca Dios mi alma ta na paz, ta di dj'E mi Salbacion ta bini”. (Salmo 62:1)

Cu inmenso dolor na nos curason, pero agradecido pa tur loke el a significa pa nos, nos ta anuncia fayecimento inespera di nos ser stima, Tata, Welo y Ruman

“As a mom, I understand the frustration and extra expenses of bringing your own baby gear on vacation, and how not having all the essentials can make or break your trip,” said Banfield. “I’m excited to help other families enjoy their Aruba vacations while building my own business through BabyQuip.”

Like all BabyQuip destinations, customers traveling to Aruba can reserve strollers, car seats, cribs, toys, and other essentials using BabyQuip’s website or app, and have them delivered anywhere on the island. For added convenience and peace of mind, customers can add Quip Trip Protection. This optional program protects reservation changes and cancellations due to illness, weather events, airline issues, and other travel disruptions, giving parents even more flexibility and peace of mind.

A Journalistic Battle Unfolds

Catherine Herridge Faces Contempt of Court

A recent legal development, CBS News senior investigative correspondent Catherine Herridge is on the brink of contempt of court for refusing to disclose her sources in a late-September deposition. The court order, stemming from a lawsuit filed by Chinese American scientist Yanping Chen against the FBI, raises crucial questions about press freedom, source protection, and the broader implications for journalism.

Herridge's refusal to reveal her sources for a series of 2017 stories, originally reported during her time at Fox News, came in defiance of a court order issued earlier this year. The order was prompted by Chen's allegations that federal authorities leaked information about her, violating the Privacy Act. In an attempt to substantiate her claims, Chen subpoenaed Herridge and Fox News, seeking to unmask the sources for the stories.

Fox News and Herridge argued against the subpoenas, citing First Amendment protections for the press. However, the court, disagreeing with this stance, ordered Herridge to disclose her sources. This led to a September deposition where Herridge politely declined to answer numerous questions about how she obtained the information for her 2017 stories.

Chen, dissatisfied with Herridge's refusal, has formally asked the court to reprimand her, demanding compensatory and coercive financial sanctions to ensure compliance. This move has ignited a swift show of support for Herridge from both CBS News and Fox News.

Both news organizations emphasize the importance of journalists protecting confidential sources, stating that journalists should not be forced to disclose such information. The motion to hold Herridge in contempt has also garnered concern from independent third parties, including First Amendment attorney Floyd Abrams, who finds the judicial order "deeply troubling."

Herridge's case underscores the need for robust federal protections for journalists, reigniting calls for Congress to pass legislation safeguarding reporters from revealing their sources. In June, lawmakers introduced the PRESS Act, aiming to prevent the government from compelling journalists to disclose their sources.

The potential sanctions sought against Herridge are seen as not only a threat to her but as a chilling effect on journalism. Critics argue that such contempt orders in reporter's privilege cases could deter journalists from standing up

against unconstitutional orders, limiting the flow of newsworthy information to the public.

As the legal battle unfolds, the case of Catherine Herridge brings to the forefront critical discussions about press freedom, the protection of journalistic sources, and the challenges faced by reporters in upholding these principles.

Court Rules in Favor of Party for the Animals' Leadership in Integrity Case

A recent legal ruling, the leadership of the Dutch political party "Partij voor de Dieren" (Party for the Animals) has emerged victorious in a case initiated by the party's integrity official.

The dispute arose from the party's issuance of a press release, which the integrity official deemed as incorrectly and carelessly portraying the handling of complaints against party leader Esther Ouwehand.

Contrary to the integrity official's concerns, the court sided with the party leadership, affirming their right to express their perspectives. However, the court suggested that prior notification to the integrity official would have been preferable.

The controversy unfolded on October 6 when the party's current leadership declared that complaints against Ouwehand, originating from the previous administration, were unfounded. Following comprehen-

sive external and legal assessments, the new leadership determined that Ouwehand had not violated integrity, a conclusion contradicting the earlier decisions of the ousted board that had sidelined her from the party's affairs.

This legal resolution adds a layer of clarity to the internal dynamics of the Party for the Animals, emphasizing the court's recognition of the party's right to communicate its findings despite the ongoing internal discord.

Germany Implements 'Historic' Stricter Migration Policy

As Italy Sparks Controversy with Albania Asylum Centers

A landmark decision following marathon talks in Berlin, German Chancellor Olaf Scholz, along with state leaders, has agreed on stricter measures to address the influx of migrants, deeming it a “historic moment.” The newly approved measures aim to expedite asylum procedures, limit social benefits for migrants, and allocate additional federal funding to local communities.

The move comes as Germany faces mounting pressure, both internally and from the opposition, to curb the rising number of arrivals, predominantly from Syria, Afghanistan, and Turkey. Asylum applications surged by approximately 73% between January and September this year, reaching over 250,000, heightening the political challenges surrounding migration.

However, the decision to cut social benefits for migrants has sparked criticism from within the coalition government, particularly from the Greens. Some members argue that reducing social benefits may lead to increased social tensions and hinder integration.

Meanwhile, Italy’s unveiling of a migration deal has added another layer of controversy. Prime Minister Giorgia Meloni revealed plans to construct asylum reception centers in Albania for sea arrivals, presenting it as a potential model for EU and non-EU cooperation. However, the International Rescue Committee condemned Italy’s agreement with Tirana, describing it as a “further blow” to EU solidarity and emphasizing the fundamental right to seek asylum.

Humanitarian organizations, including Médecins Sans Frontières, raised concerns about the potential denial of access to Italian territory and the extraterritorial management of asylum applications, characterizing it as a departure from established protection and rescue obligations. As Italy’s migration deal draws criticism, Germany’s stringent measures underscore the ongoing complexities and debates surrounding migration policies in Europe. The decisions made by both countries reflect the broader challenges faced by EU nations in managing migration while upholding humanitarian values and international obligations.

Dutch Short Track Stars Shine:

Suzanne Schulting, Jens van 't Wout, and Zoë Deltrap Triumph in Annual Awards

SUZANNE Schulting has clinched the title of Best Dutch Shorttracker for the seventh consecutive year, despite her return to competition scheduled for the new year. The 26-year-old athlete, who recently suffered a cut to her back during training, received the award, while Jens van 't Wout claimed the title among men, and Zoë Deltrap was honored as Talent of the Year.

In a surprising turn, Schulting surpassed Xandra Velzeboer, who had an outstanding season, winning four world titles at the Seoul World Championships and securing two gold medals at the European Championship. However, Schulting's achievements were equally impressive, amassing three golds at the World Championships and contributing to a near-complete gold sweep at the European Championship.

Jens van 't Wout received the Shorttracker of the Year award, marking his first-time win. The accolades were presented by Wilf O'Reilly, the Shorttrack Discipline Manager at the Royal

Dutch Skating Federation (KNSB).

The award ceremony took place after the morning training session at Thialf, where the winners were recognized for their exceptional contributions to Dutch short track speed skating. Deltrap, named Talent of the Year, added to the celebration, highlighting the promising young talents in the sport.

Suzanne Schulting, who couldn't attend the ceremony in person due to her back injury, received her trophy at home in Heerenveen. In a video message, she provided an update on her condition, expressing gratitude for the recognition and emphasizing her commitment to returning stronger. These awards recognize the outstanding performances and contributions of Dutch short track speed skaters, setting the stage for an exciting season ahead. The Dutch short track community celebrates the resilience and talent displayed by its athletes, showcasing the continuous pursuit of excellence in the sport.

Snubbing Messi and Maradona

Pele Crowned the Most Complete Player by Former Barcelona Star

THE ongoing debate over the greatest football player of all time, former Barcelona player Jorge Alberto Mendonca has chosen Pele as the most complete player, sidelining the likes of Lionel Messi, Diego Maradona, and Johan Cruyff.

Mendonca, who played for prominent clubs like Atletico Madrid, Barcelona, and Real Mallorca during his professional career from 1958 to 1970, emphasized Pele's exceptional qualities. The 85-year-old Portuguese footballer, who faced legendary figures such as Pele, Maradona, and Cruyff, stated, "Pele. Definitely. He was the most complete of all. And then Bobby Charlton. Bobby was outstanding."

Mendonca's endorsement of Pele comes as a testament to the Brazilian's remarkable achievements, having won three World Cups and showcasing unparalleled skills on the field. While paying tribute to Charlton, who passed away recently at the age of 86, Mendonca reminisced about the 1966 FIFA World Cup winner's outstanding contributions to Manchester United and the England national team.

In contrast to Mendonca's admiration for Pele, Lionel Messi,

often regarded as one of the greatest players of this generation, faced speculation about a potential loan return to Barcelona. However, Messi swiftly dispelled such rumors, stating that a January loan return was not possible and highlighting the complexities involved in his departure to Paris Saint-Germain in 2021.

Messi's current chapter with Inter Miami in Major League Soccer (MLS) has concluded for the season, with the team missing out on the playoffs. The seven-time Ballon d'Or winner clarified that while a return to Barcelona was considered in the summer, it was not feasible, and he ultimately joined Inter Miami.

Messi's illustrious career with Barcelona includes 672 goals and 303 assists in 778 games across various competitions, securing 34 trophies, including three UEFA Champions League titles and 10 La Liga championships. As debates continue about football's greatest player, perspectives like Mendonca's provide a glimpse into the diverse opinions within the football community.

Legal Battle Unleashed:

Mother Takes on Gaming Giants Microsoft, EA, and Epic Over Son's Addiction

A recent legal development, a mother from Arkansas, USA, has filed a lawsuit against major game companies, including Microsoft, Electronic Arts, and Epic Games, alleging that these entities played a role in fostering her son's gaming addiction.

The complaint, filed on October 30, accuses companies such as Microsoft, EA, Activision Blizzard, and Epic Games of utilizing "patented designs, algorithms, and marketing with addictive options and technology," leading to addiction among gamers. The alleged addictive features encompass monetization models and feedback loops that consistently engage players in the games.

Casey Dunn, the mother, expressed her unexpected dismay,

stating, "We never anticipated that when our son started playing games, he would become so addicted that it severely impacted his education, causing him to lose interest in spending time with friends, and jeopardizing his physical and mental health."

Continuing her narrative, Dunn argued that game companies specifically target children, exploiting them for profit. She emphasized the need for action to prevent these companies from "destroying the well-being and future of our children." The Dunn family seeks not only compensation but also a transformation in how games are designed and presented. Additionally, they advocate for increased support for families dealing with children addicted to games, aiming to provide resources for improving mental health.

Elevating Comfort:

The Benefits of Vertical Mice for Ergonomic Bliss

THE digital age, where our hands spend hours glued to a computer mouse, the importance of ergonomic design cannot be overstated. One innovative solution gaining popularity is the vertical mouse. This article explores the benefits of vertical mice, popular models, and essential considerations for selecting the perfect one.

Understanding Vertical Mice:

Ergonomic Bliss:

Vertical mice are designed to reduce strain on the wrist and forearm. By aligning the hand and arm in a more natural handshake position, they minimize the risk of repetitive strain injuries like carpal tunnel syndrome.

Comfort Redefined:

The upright orientation of a vertical mouse promotes a more relaxed hand and wrist posture, reducing muscle tension and discomfort during prolonged computer use.

Popular Vertical Mice Models:

Logitech MX Vertical:

Features:

- Precision sensor for accurate tracking.
- Customizable buttons for personalized control.
- Rechargeable battery for convenience.

Anker Ergonomic Vertical Mouse:

Features:

- Budget-friendly yet ergonomic design.
- Suitable for various hand sizes.
- Responsive optical tracking.

Evoluent Vertical Mouse:

Features:

- Available in different sizes for a tailored fit.
- Programmable buttons for enhanced productivity.
- Thoughtful thumb rest for added comfort.

Choosing the Right One:

Hand Size Matters:

Consider the size of your hand to ensure a comfortable grip. Some vertical mice come in different sizes, accommodating a range of hand dimensions.

Customization Options:

Look for mice with customizable buttons and adjustable sensitivity settings. Tailoring the mouse to your preferences enhances the overall user experience.

Wireless or Wired:

Decide between wireless and wired options based on personal preference. Wireless mice offer more flexibility, while wired models ensure a constant connection without worrying about battery life.

Vertical mice have emerged as a game-changer for those seeking a healthier and more comfortable computing experience. With a variety of models available, finding the right fit involves considering factors like hand size, customization options, and connectivity.

Elevate your comfort and reduce the risk of strain by making the switch to a vertical mouse today. Your wrists will thank you.

Virtual Travel:

Unveiling the World Through the Lens of VR Experiences

AN era where technology continually reshapes our interactions with the world, virtual travel through VR experiences emerges as a captivating avenue for exploration. This digital odyssey transcends the boundaries of physical constraints, offering users a passport to diverse landscapes, cultures, and adventures—all from the comfort of their living rooms.

At the heart of the virtual travel experience is the remarkable realism that modern VR technology brings to the table. Visuals, often rendered in stunning detail, transport users to iconic landmarks, bustling city streets, or serene natural wonders. The sense of presence achieved through these immersive 3D environments is a testament to the strides made in creating a virtual world that feels remarkably tangible.

Interactivity becomes the guiding force of these virtual journeys. Users don VR headsets, not merely as spectators but as active participants in their digital excursions. Whether strolling through a museum, hiking a virtual trail, or attending a simulated event, the ability to interact with the environment adds a layer of engagement that goes beyond passive observation.

The diversity of destinations available in the virtual realm is equally striking. From the historical wonders of ancient civilizations to the futuristic landscapes of speculative fiction,

the options are vast and varied. Virtual travel transcends geographical constraints, allowing users to explore places they might only dream of visiting physically.

Education intertwines seamlessly with entertainment in the world of virtual travel. Information about historical sites, cultural practices, and geographical features enriches the experience, making it not just visually stimulating but intellectually rewarding. It's a window into the world that combines the thrill of discovery with the pursuit of knowledge.

However, as we embrace the wonders of virtual travel, it's crucial to acknowledge its inherent limitations. While the visuals may be realistic, the absence of full sensory immersion—smells, sounds, and tactile sensations—reminds us that this is a curated digital experience. It doesn't replace the spontaneous encounters, the taste of local cuisine, or the feel of the wind on your face.

Virtual travel through VR experiences stands at the crossroads of innovation and imagination. It offers a tantalizing glimpse into the possibilities of a digitally augmented exploration of our world. As technology continues to evolve, so too will the horizons of virtual travel, providing us with ever more convincing and enriching ways to experience the beauty and diversity our planet has to offer.

Equatic and Deep Sky Forge Partnership

For Seawater-Based Carbon Removal and Hydrogen Production

EQUATIC, a startup specializing in innovative carbon removal technologies, has joined forces with Canadian developer Deep Sky to showcase a groundbreaking seawater-based carbon removal method that concurrently produces hydrogen. This collaboration exemplifies the growing momentum in advancing novel approaches to extract carbon dioxide from the atmosphere, steering them closer to commercial viability.

In a significant development, Deep Sky has acquired a small Equatic plant for deployment at a Quebec site engaged in piloting technologies from multiple companies. The Equatic pilot project boasts a capacity for removing 365 tons of carbon annually, with aspirations to demonstrate the potential for commercial deployments exceeding 100,000 tons.

The Equatic technology utilizes electrical current generated through renewable sources, such as hydropower, to pass through seawater. Through electrolysis, this process divides the water into hydrogen and oxygen. Subsequently, atmospheric air is introduced into the water, capturing CO₂ in minerals and as dissolved substances naturally found in the oceans.

Equatic describes the process as replenishing CO₂-depleted

seawater by bubbling air through it, directly removing CO₂ from the atmosphere. Notably, the company emphasizes that their method restores the water's natural alkaline balance, and the removal process can be meticulously monitored.

Equatic has successfully secured over \$30 million in funding, with pilot projects underway in Los Angeles and Singapore, along with a preliminary carbon removal agreement with Boeing. On the other hand, Deep Sky, founded in September 2022 and backed by Quebec's sovereign wealth fund, has garnered attention with a \$10 million seed round in May, with an ongoing Series A fundraising targeting \$50 million to \$75 million.

While the scalability of carbon removal technologies remains uncertain, the involvement of entrepreneurs and substantial financial support signals a growing commitment to addressing climate challenges. Damien Steel, CEO of Deep Sky, highlighted Equatic's unique electrolysis process as a pivotal contributor to leveraging the oceans in averting climate catastrophe.

As these collaborations unfold, they signify the convergence of technological innovation and environmental stewardship in the pursuit of sustainable solutions.

Economic Conundrum:

Americans Express Discontent Despite Surging Consumer Spending

A perplexing economic paradox, Americans find themselves caught between the reality of robust consumer spending and a prevailing sense of discontent with the economy. While positive indicators, such as a slowing inflation rate, a thriving job market, and resilient consumer spending, suggest a healthy economic landscape, public sentiment reveals a stark contrast.

According to a recent poll, a significant 72% of Americans believe that things in the country are going badly, with 66% considering the economy as “extremely important” in their voting decisions for the upcoming year. Despite this widespread dissatisfaction, only 2% of voters characterize the economy as excellent, presenting a potential challenge for those advocating Bidenomics.

Consumer spending, a primary driver of the US economy, has propelled the gross domestic product (GDP) to a remarkable annualized growth rate of nearly 5% in the last quarter, more than double the previous quarter. This robust spending, encompassing expenditures on entertainment, dining, and vacations, contradicts the narrative of a populace deeply worried about economic stability.

Yet, this apparent economic buoyancy conceals an underlying tension. Americans are tapping into precarious financial resources, such as 401(k) savings, to meet their expenses, a move typically associated with desperation or confidence in a secure job market. While some individuals might fall into the former category, a substantial portion is spending liberally due to their confidence in current economic conditions.

The conflicting sentiments extend to record-breaking credit card debt, reaching a staggering \$1.08 trillion, with an increasing number of individuals falling behind on payments. This financial paradox becomes a significant factor in the political landscape, potentially influencing the 2024 presidential race.

Federal Reserve Chair Jay Powell attributes the discontent to a collective aversion to inflation. However, the tangible impact of inflation, as seen in rising prices, appears to be a more pressing concern for Americans. Everyday expenses, like a morning cup of coffee, continue to climb, contributing to the public's frustration.

Amidst these economic intricacies,

the soaring cost of housing emerges as a pivotal factor influencing national malaise. Housing, often touted as a pathway to wealth, faces unprecedented costs since 1984, driven by soaring prices and elevated mortgage rates. For many, the dream of home-ownership feels increasingly elusive, especially for young individuals navigating paycheck-to-paycheck living.

This psychological wound runs deep, surpassing the scope of monetary policy interventions. The convergence of economic buoyancy and widespread discontent underscores the complexity of the current economic landscape, shaping not only public sentiment but also the trajectory of future political debates and decisions.

Michelin Stars:

A Culinary Odyssey of Prestige and Excellence

MICHELIN STAR

Coveted by many chefs but bestowed upon only to an excellent few.
Getting a star (or three) could change the fate of a restaurant.

High quality
cooking,
worth a stop

Excellent cooking,
worth a detour

Exceptional
cuisine, worth a
special journey

THE Michelin Star system is a prestigious culinary rating system established by the French tire company Michelin. Initially created in 1900 as a guide to encourage travel and, consequently, tire usage, it has evolved into one of the most renowned and influential culinary rating systems worldwide.

Michelin stars are awarded to restaurants based on the quality of their cuisine, the skill of the chef, the consistency of the food, the use of quality ingredients, and the overall dining experience.

The Michelin stars are categorized as follows:

One Star:

Represents a very good restaurant with high-quality cooking, worth a stop.

Signifies a restaurant offering a consistently high standard of cuisine, but perhaps with a simpler setting.

Two Stars:

Denotes excellent cooking, worth a detour.

Recognizes restaurants where skillful chefs provide an excellent culinary experience, often with more elaborate and refined techniques.

Three Stars:

Indicates exceptional cuisine, worth a special journey.

Reserved for restaurants that offer exceptional culinary mastery, using the finest ingredients and demonstrating creativity and skill at the highest level.

The Michelin Guide employs anonymous inspectors who visit and evaluate restaurants based on specific criteria. Inspectors pay for their meals to ensure an unbiased assessment. The selection process is rigorous, and receiving a Michelin star is considered a significant honor in the culinary world. Losing a star can also have a substantial impact on a restaurant's reputation.

In addition to stars, the Michelin Guide may also include Bib Gourmand awards, recognizing restaurants offering good food at moderate prices, and the Plate symbol, which highlights restaurants that provide a good meal.

Michelin Stars have become a symbol of culinary excellence and are highly sought after by chefs and restaurateurs around the globe. The system has expanded beyond its French origins and now covers numerous countries, each with its own Michelin Guide.

The Timeless Scents:

Colognes That Have Stood the Test of Overuse

COLOGNES have the power to leave a lasting impression, but some scents have become synonymous with a generation's signature fragrance.

While these colognes have undoubtedly earned their place in the fragrance hall of fame, they've also, at times, been overused to the point where you can almost smell them in your sleep.

Let's take a nostalgic olfactory journey through some classic colognes that have stood the test of time and, perhaps, too much popularity.

Axe: The Adolescent Aroma

Axe, with its bold and unmistakable scent, became the go-to choice for many adolescents. The distinctive fragrance was practically the unofficial scent of high school locker rooms and college dormitories. While it might trigger a wave of nostalgia, there's no denying that Axe has been sprayed a tad too generously.

Old Spice: The Timeless Classic

Old Spice, with its nautical charm and spicy undertones, has been a staple in many men's grooming routines. However, its familiarity has led to a scenario where entering a crowded room can sometimes feel like sailing through a sea of Old Spice. A classic, yes, but one that's been wafting around for quite some time.

Drakkar Noir: The Dark Horse

In the '80s and '90s, Drakkar Noir was the epitome of sophistication. However, its widespread popularity made it a victim of its own success. The intense, aromatic notes became a common scent in clubs and social gatherings, turning this once-exclusive fragrance into a familiar aroma that some might say has been overplayed.

Cool Water: The Aquatic Anthem

Davidoff's Cool Water took the world by storm with its fresh, aquatic fragrance. Many men embraced its crisp scent, making it a go-to choice for everyday wear. Yet, its omnipresence in various settings has led some to associate it with a sense of déjà vu – a reminder that even the coolest waters can become a bit too familiar.

Brut: The Bold Classic

Brut's bold and distinctive fragrance was a statement in the '70s and '80s. However, as time marched on, so did the number of times this classic was sprayed. The unmistakable scent of Brut has become deeply embedded in the collective memory, making it a fragrance that some might argue has been overused over the years.

Polo Ralph Lauren: The Preppy Icon

Polo Ralph Lauren fragrances, with their timeless and sophisticated appeal, have been a symbol of preppy elegance. Yet, the widespread adoption of Polo scents has led to scenarios

where you can almost trace a person's path through a mall by following the lingering fragrance. A classic, but one that has permeated many public spaces.

Jean Paul Gaultier's Le Male: The Sensual Trail

Le Male's iconic bottle and alluring scent have made it a favorite for those seeking a touch of sensuality. However, its popularity has sometimes resulted in an olfactory overload, where the distinctive notes are almost too familiar in various social settings.

While these colognes have become classics for a reason, there's a fine line between a signature scent and one that's overplayed.

Perhaps it's time for a fragrance revolution, where men explore new and unique scents to create their own aromatic identity.

After all, a whiff of novelty might be just what the crowded room needs.

Unveiling Uncommon Facets:

Napoleon Bonaparte Beyond the Battlefield

NAPOLEON Bonaparte, often portrayed as a military giant, harbors a trove of lesser-known facts that add depth to his historical persona. Let's delve into some intriguing facets of the legendary French leader that may not be common knowledge.

The Stature Myth Debunked:

While popular lore depicts Napoleon as vertically challenged, historical records reveal he stood at an average height for his era – approximately 5 feet 6 inches (1.68 meters). The misconception of his diminutive stature has overshadowed the reality of his physical presence.

Linguistic Mastery:

Beyond his military prowess, Napoleon showcased linguistic brilliance. Fluent in French, Italian, and proficient in English, his linguistic skills proved instrumental in diplomacy and effective communication across cultural boundaries.

Egyptology Enthusiast:

During his Egyptian campaign, Napoleon's fascination with the region extended beyond military conquest. He assembled a team of scholars and scientists to explore Egypt's history and culture, contributing significantly to the understanding of the past, including the discovery of the Rosetta Stone.

The Literary Napoleon:

Unbeknownst to many, Napoleon was not just a conqueror but also a writer. His novella "Clisson et Eugénie" showcased a more romantic and literary facet of the leader amidst the chaos of warfare.

Dual Exiles:

Napoleon faced not one but two exiles during his lifetime. Initially sent to the island of Elba after his defeat in 1814, he escaped and briefly reclaimed power before enduring his final exile on the remote island of Saint Helena.

Architect of Legal Reforms:

Napoleon's influence extended beyond the battlefield into the realm of law. The Napoleonic Code, a groundbreaking legal system, remains a cornerstone of civil law in numerous countries, reflecting his enduring impact on legal frameworks.

The Iron Crown of Lombardy:

Symbolism and grandeur marked Napoleon's coronation as King of Italy in 1805 when he adorned himself with the

historic Iron Crown of Lombardy. This unique artifact blends Christian and medieval symbolism, underscoring Napoleon's multifaceted persona.

Sphinx and Mysticism:

Nestled in the Tuileries Gardens in Paris stands a Sphinx, a relic Napoleon brought back from Egypt. This enigmatic statue serves as a tangible link to his Egyptian campaign and fascination with the mystical.

Revolutionary Military Tactics:

Napoleon's imprint on military strategy endures through innovations in artillery, mobility, and coordination. His tactics, considered groundbreaking in his time, remain subjects of study in modern military academies.

The Final Utterance:

In his purported last words on his deathbed, Napoleon's sentiments echoed a profound connection to his nation and military legacy: "France, the Army, the Head of the Army, Josephine," revealing the enduring importance of these aspects even in his final moments.

In unraveling these lesser-known aspects, Napoleon Bonaparte emerges not only as a military giant but as a complex figure whose influence extended far beyond the battlefield.

Life-Saving Innovation:

Breast Implants Used to Stabilize Heart in Groundbreaking Medical Procedure

A groundbreaking medical intervention, doctors at Chicago’s Northwestern Medicine utilized double-D breast implants to save the life of 34-year-old Davey Bauer, who faced a life-threatening situation after vaping for nearly a decade and contracting a severe strain of the flu. Mr. Bauer’s health deteriorated rapidly, leading to a critical condition where his existing medical team contemplated withdrawing care.

Upon transferring to Northwestern Medicine as a last-ditch effort, Bauer’s situation was dire, having suffered cardiac arrest from the overwhelming infection. Dr. Ankit Bharat, Chief of Thoracic Surgery, and Director of the Canning Thoracic Institute at Northwestern, revealed an innovative approach to stabilize Bauer’s heart during surgery. By strategically placing double-D breast implants, the medical team provided structural stability to his heart after removing his severely damaged lungs, giving his body a fighting chance to combat the virulent infection.

While the breast implants served a flashy role in the procedure, Dr. Bharat emphasized their minor medical significance, primarily contributing to temporarily stabilizing Bauer’s heart. This unconventional use of breast implants showcases the ingenuity of medical professionals in tackling life-threatening situations with innovative solutions.

Navigating the Emotions of Empty Nest Syndrome

THE transition to an empty nest is a significant milestone in the lives of parents, marking the departure of children to pursue their own adventures.

While this newfound freedom can bring a sense of pride and accomplishment, it often intertwines with a complex web of emotions, collectively known as Empty Nest Syndrome.

The Initial Impact:

As the last boxes are loaded into the car and tearful goodbyes exchanged, parents are left grappling with a mix of emotions. The once vibrant home, echoing with laughter and youthful energy, suddenly feels quieter and more spacious. The absence of daily interactions and shared routines can trigger a sense of loss and nostalgia for the bygone parenting years.

Navigating the Emotional Landscape:

Empty Nest Syndrome encompasses a range of emotions, from sadness and loneliness to anxiety and identity questioning. Parents may find themselves pondering questions of purpose and grappling with a shift in roles. It's crucial to recognize that these emotions are a natural response to a significant life transition and that embracing them is a vital part of the healing process.

Celebrating the Positive Aspects:

While acknowledging the challenges, it's essential to focus on the positive aspects of an empty nest. Embracing newfound freedom, pursuing individual interests, and enjoying a quieter home environment can be rewarding. This phase marks an opportunity for parents to rediscover

themselves, strengthen relationships, and embark on new adventures.

Empty Nest Syndrome is a natural and expected part of the parenting journey. By navigating the emotional landscape with self-compassion, open communication, and proactive coping strategies, parents can turn this transition into a period of rediscovery and personal growth. The empty nest may signify the end of one chapter, but it opens the door to exciting new possibilities and the continuation of a fulfilling life journey.

Unveiling the Paradox of Judgment and Grace

THE intricate tapestry of human interactions, a subtle yet pervasive hypocrisy often lurks beneath the surface—the act of judging others while turning a blind eye to our own imperfections. It's a paradoxical dance that obscures our ability to perceive the shared humanity that binds us all. This paradox hinges on the delicate balance between seeking understanding from others and hesitating to extend the same grace to ourselves.

When we cast judgment upon others, we often wield a double-edged sword. On one side, there is the desire for empathy, understanding, and compassion—a recognition that each individual carries a unique set of burdens and experiences. On the other side, however, lies the reluctance to offer

the same empathy to ourselves, creating a dissonance that fuels the hypocrisy.

This paradox is rooted in the intricate dynamics of human psychology. It's easier to see the speck in someone else's eye while overlooking the plank in our own. The remedy for this paradox begins with a courageous act—self-reflection. Delving into the depths of our own imperfections requires a willingness to confront uncomfortable truths and acknowledge the vulnerabilities that make us undeniably human.

In the process of self-reflection, we unearth the common ground that unites us all—the shared experience of navigating a complex world fraught with challenges. By acknowledging our own imperfections, we create a bridge of understanding that extends beyond judgment. This bridge becomes the pathway to genuine empathy, allowing us to connect with others on a deeper level.

The essence of the remedy lies in the practice of extending grace. Just as we yearn for understanding and compassion

in the face of our own shortcomings, we must be willing to offer the same to those around us. It's a transformative act that breaks the chains of hypocrisy, fostering an environment where empathy becomes a currency exchanged freely between individuals.

Embracing this remedy requires a shift in perspective—a conscious choice to view ourselves and others through the lens of shared humanity. In doing so, we dismantle the barriers that judgment erects and pave the way for a more compassionate and interconnected world.

The paradox of judging others while ignoring our own imperfections is a profound aspect of the human experience. The remedy lies in the courageous journey of self-reflection and the intentional practice of extending grace. The Enigmatic Dance of Passion:

Picasso's 'Femme à la montre' Unveiled in a Symphony of Colors and Secrets

PABLO Picasso, a pioneering force in modern art, left an indelible mark on the canvas of creativity. His masterpiece, "Femme à la montre," recently commanded over \$139 million at Sotheby's, a testament to the enduring allure of his work.

Painted in 1932 during Picasso's remarkable "annus mirabilis," the portrait captures the essence of his passionate relationship with Marie-Thérèse Walter, his "golden muse." The 51¼ x 38 inches canvas reflects Picasso's artistic liberation, following a period of personal turmoil and the end of his first marriage to Olga Khokhlova.

Walter, Picasso's lover and muse, entered his life in 1927, adding a new chapter to his artistic journey. The intensity of their connection is palpable in "Femme à la montre," painted shortly after Picasso's first large-scale retrospective in Paris. The artwork, showcased in an exhibition by the Musée Picasso and Tate Modern in 2018, exemplifies Picasso's masterful use of bold primary colors and intricate details.

The painting stands as a visual chronicle of Picasso's emotional release, as he navigated the complexities of his personal life. Walter's influence is evident, marking a transformative period in Picasso's oeuvre. The unraveling of secrets spilled onto the canvas, creating a composition that is both complex and harmonious.

Beyond the art, the narrative intertwines with the life of philanthropist Emily Fisher Landau, whose private collection hosted the auction. Landau's legacy, at 102 years old, mirrored the timeless resonance of Picasso's work. Her curated collection became a stage for the reunion of art and philanthropy.

As we marvel at the astronomical price tag attached to "Femme à la montre," we are reminded that Picasso's legacy extends far beyond the art world's auction halls. It echoes through the corridors of personal histories, passionate connections, and the enduring impact of artistic expression. In this snapshot of Picasso's journey, each brushstroke tells a story, and every color speaks to the depths of human experience.
